Introducing Excell Auctions

Excell Auctions is not your ordinary everyday auction house. Serving Canada with over 35 years of experience, we are one of Canada's number one Auction and Appraisal services. Excell Auctions prides itself on customer satisfaction by providing honest service with integrity and respect. Your products are our treasure, we work hard each day to expose your products to the public so that we can get the most for what you have to sell!

What kind of benefits can we provide?

1. We were one of the very first auction houses to introduce online auctions in Ontario.
2. With over 35 years we have developed connections with many different sources that buy from us on a regular basis.
3. We market all of our products through online and print means.
4. Instead of purely placing your products in our auction house and waiting for bids, we work with you in order to structure a method for gaining top dollar for what you have to sell.
